Beliefs of State Service Systems

People with ID/DD have a right to:
- Be safe in their homes and communities;
- Be treated with respect and dignity;
- Be independent and make individual choices;
- Participate in family and community life; and
- Have opportunities to work and contribute to their community.
ELEMENTS OF FAMILY SUPPORT

Objective of Family Support

To support families, with all their complexity and diversity, in ways that maximizes their capacity, strengths and unique abilities so they can best support, nurture, love and facilitate the achievement of self-determination, interdependence, productivity, integration and inclusion in all facets of community life for their family members.

New Charter for Family Support

Family Support is:
- a value-based approach to providing services to families and their family member with ID/DD:
  - driven by the family and family member with ID/DD
  - recognizes the family as a system
  - focuses on the strengths, capacity and diversity of family
  - builds on network of all family members and community

FS Impact on Demand for Services

**Family support**
- Is BIGGER than the service system, utilizes resources within and outside of
- Can help to CHANGE EXPECTATIONS of role and responsibility of service system, themselves and their community
- Helps families PLAN FOR POSSIBILITIES and dreams before crisis, life-transitions and future
- Potential to LESSEN THE FREQUENCY AND LONG-TERM NATURE of crisis services.
